ROWSE HYDRAULIC RAKES CO., INC

BALE HAULERS

LIST PRICE

Effective October 2009

TWO-BALE HAULER with four (4) 5-foot steel teeth _____ \$1,290.00

SINGLE BALE HAULER with (2) 5-foot steel teeth _____ \$655.00

The frame is built of all ¼" wall or heavier rectangular or square tubing. The teeth are 5/16" material. Each tooth has a separate support and can be rotated so the slope on the point is either on top or on the bottom. Flexibility of the teeth allows for uneven ground. The hitch is 3-point, category 2 or 3 hitch, standard or fast hitch.

All prices quoted are F.O.B. at our factory North of Burwell.

Prices subject to change without notice.

ROWSE HYDRAULIC RAKES CO., INC.

ROWSE CALF CRADLE

LIST PRICE

Effective August 1, 2009

ROWSE CALF CRADLE\$1,195.00

The ROWSE CALF CRADLE is Number 1 when it comes to fast and easy handling of calves. The ROWSE CALF CRADLE switches from one side to the other fast, when needing to change sides for branding.

The ROWSE CALF CRADLE is balanced for easy operation when positioning calf from standing to table position and back. "Easy on the operator, easy on the calf."

Simple, trouble-free design and operation for fast, positive catching action. Works well for other types of livestock, such as pigs and sheep, also.

The ROWSE CALF CRADLE will pay for itself "quickly" in time and labor savings.
